

Colorectal Cancer Screening (FIT In-home test kit)

Get checked for colon cancer today.

If you are 50 years of age or older, it is recommended you receive this simple and private at-home screening kit

WHAT IS FIT?

FIT TEST – Fecal Immunochemical Test for occult blood. This is a simple, non-invasive test you can do in the privacy of your own home!

Assured Imaging's FIT test is the premier first line fecal immunochemical test for screening for the presence of blood as an early indication of colorectal cancer and is supported by the American College of Gastroenterology

EASE OF USE!

With FIT, there is no prep, and no dietary restrictions. A single sample collection is all you need.

To perform the test, you need to order the sample collection kit from Assured Imaging. Simply collect the stool sample as instructed and return it in the postage paid envelope within 48 hours.

Call today to order your testing kit: 888-233-6121

KITS WILL ALSO BE AVAILABLE AT THE JUNE SCREENING EVENT!
Please bring a valid picture I.D. and insurance card when picking up a kit
