Introduction

Welcome to New Mexico Retiree Health Care Authority's (NMRHCA) Advantage Value Plan.

As a member under this plan you will not need a referral to see any physician in the network. This means it is easy for you to find the health care providers you need when you need them. With this plan you will only have access to providers within the state of New Mexico. You are always covered for emergency when you travel in the state of New Mexico or outside of the state of New Mexico.

Service Area: The NMRHCA Advantage Value Plan is a statewide network with a higher concentration of providers in the Bernalillo county area.

Getting Health Care When You Need It: Before you get sick, it's a good idea to make an appointment with your Primary Care Physician (PPP) and establish a doctor-patient relationship. By doing so, your PPP can get to know you and your medical history. When you need care, follow these steps:

1. Call your PPP's office to make an appointment.
2. If it's your first visit, get to your appointment early to complete any required information.
3. Pay the applicable copayment and any applicable coinsurance or deductible at the time of your visit. The copayment, coinsurance or deductible amount is determined by your plan. This will be your only out-of-pocket expense for the visit. However, if you receive a bill for any covered services from any in-network physician or provider, please contact the NMRHCA Designated Customer Service Unit at the toll-free number on the back of your BCBSNM ID card.

What to do in an Emergency: If an emergency occurs, call 911 or your local ambulance, or go to the nearest emergency care facility. Emergency care means health care services provided in a hospital emergency room, freestanding emergency medical care facility or comparable emergency facility to evaluate and stabilize medical conditions of a recent onset and severity, including, but not limited to, severe pain that would lead a prudent layperson, possessing an average knowledge of medicine and health, to believe that the person's condition, sickness, or injury is of such a nature that failure to get immediate care could result in:

- Placing the patient's health in serious jeopardy
- Serious impairment of bodily functions
- Serious dysfunction of any bodily organ or part
- Serious disfigurement
- In the case of a pregnant woman, serious jeopardy to the health of the fetus

Call your PPP within 48 hours of the emergency treatment or when admitted to the hospital from the emergency room.

Independent Contractors: The contracted health care practitioners and providers listed in this directory are independent contractors. They are not employees or agents of BCBSNM. BCBSNM enters into contracts under which these providers agree to provide certain covered health care services. In making decisions about member care and in providing or recommending health care services to members, these providers use their own independent professional judgment, for which they are solely responsible.

Directory Updates: Providers may leave or join the NMRHCA Advantage Value network. You are urged to call the NMRHCA Designated customer service department at the toll free telephone number listed on the back of your BCBSNM ID card to check the status of your provider.

Primary Care Physicians (PCPs)

Primary Care Physicians are professionals who have either an MD or DO degree and are licensed to practice medicine. PCPs focus on the "whole person" and help you coordinate your health care, including referrals. PCPs include General Practitioners (doctors who are licensed, but do not have residency training), as well as physicians who have had residency training in these medical specialties: Family Practice, Internal Medicine, and Pediatrics. Additionally, some Obstetrician/Gynecologists choose to serve as PCPs for their women patients.

Primary Care Physicians (PCPs)

Primary Care Providers

Primary Care Providers are non-physician health care professionals such as Certified Nurse Practitioners who have had additional advanced training in providing primary care. They focus on the "whole person" and can coordinate your health care, including referrals.

Behavioral Health Practitioners

To receive benefits for behavioral health and/or chemical dependency, care must be coordinated by our Behavioral Health Unit. Either the member or the provider must call 1-888-898-0070 to obtain preauthorization for behavioral health and/or chemical dependency services.

Failure to obtain preauthorization may result in a denial of benefits. The fact that a provider is listed here does not make services received from that provider automatically eligible for benefits. Services must be covered under your health plan in order to be eligible for any benefits.

Tiếng Việt Vietnamese	Nếu quý vị, hoặc người mà quý vị đang giúp đỡ, có câu hỏi, thì quý vị có quyền được giúp và nhận thông tin bằng ngôn ngữ của mình miễn phí. Để nói chuyện với một thông dịch viên, xin gọi 855-710-6984.

Health care coverage is important for everyone.

We provide free communication aids and services for anyone with a disability or who needs language assistance.
We do not discriminate on the basis of race, color, national origin, sex, gender identity, age or disability.

To receive language or communication assistance free of charge, please call us at 855-710-6984.

If you believe we have failed to provide a service, or think we have discriminated in another way, contact us to file a grievance.
