## Section 1 – Introduction

This directory provides a list of Blue Cross Group Medicare Advantage’s network providers. To get detailed information about your health care coverage, please see your Evidence of Coverage (EOC).

You will have to choose one of our network providers listed in this directory to be your **Primary Care Physician** (PCP). Generally, you must get your health care services from your PCP. A PCP is a doctor who is a family practitioner, internist or geriatric physician. The PCP is trained to provide general medical care. The PCP you select provides or manages your health care. The PCP also helps you make informed decisions about your care. When necessary the PCP makes referrals to specialists, generally within your medical group network.

The network providers listed in this directory have agreed to provide you with your health care services. You may go to any of our network providers listed in this directory; however, some services may require a referral. If you have been going to one network provider, you are not required to continue to go to the same provider. In some cases, you may get covered services from non-network providers. If you require medical care beyond the scope of your PCP, the PCP will coordinate with providers most appropriate to render the medical treatment. It is important to note that the PCP belongs to a network. The PCP has certain network specialists and hospitals that they use for coordinated specialty, diagnostic and hospital medical care. The specialist and hospitals that the PCP may refer you to will be within the PCP network affiliation.

You may be financially responsible to pay for some or possibly all services if you choose to go to a doctor outside of your affiliated medical group without authorization from your PCP. Your PCP will coordinate the authorization process. With the exception of emergencies or urgent care, it may cost more to get care from out-of-network providers.

If you are traveling and are out of the Blue Cross Group Medicare Advantage plan service area and need urgent care or emergency care, you should go to the nearest provider to seek care.

You do not need prior authorization to seek medical help in an urgent or emergency situation. The physician treating your emergency needs will discuss your condition with your Primary Care Physician. When your condition is stable, the physicians will coordinate the transfer of your care back to your Primary Care Physician network.

If an out-of-network provider asks you to pay for covered services you receive, please call Customer Service at 1-877-299-1008 (TTY 711) or send the bill(s) with a note explaining the situation to:

Blue Cross Group Medicare Advantage  
P.O. Box 11968  
Albuquerque, NM 87192

You must use network providers except in emergency or urgent care situations or for out-of-area renal dialysis or other services. If you obtain routine care from out-of-network providers neither Medicare nor Blue Cross Group Medicare Advantage will be responsible for the costs.

### **What is the service area for Blue Cross Group Medicare Advantage?**

The state of New Mexico is our service area.

### **How do you find Blue Cross Group Medicare Advantage providers that serve your area?**

The directory includes hospitals, physicians and other providers participating in the Blue Cross Group Medicare Advantage plan. Please refer to the provider listings for section names. Each section is organized alphabetically by city.

Within each city, the city and/or physician names are listed in alphabetical order along with the address and phone number. For the most updated Blue Cross Group Medicare Advantage provider information, please visit our Provider Finder at [getbluenm.com/mapd/providers](http://getbluenm.com/mapd/providers). While every provider listed in this directory is affiliated with or employed by a contracted medical group, not every provider listed will be accepting new patients. Although Blue Cross Group Medicare Advantage has identified those providers who were not accepting patients at the time this directory was created, the status of any physician's practice may have changed. For the most current information regarding the status of any physician's practice, please contact either the physician or the medical group you have selected at the phone number listed in this directory.

If you have questions about Blue Cross Group Medicare Advantage or require assistance in selecting a PCP, please call our Customer Service Department at 1-877-299-1008. TTY users should call 711. Or, visit [getbluenm.com/mapd/providers](http://getbluenm.com/mapd/providers).
