## **Plan Terms and Definitions**

1. **Annual Deductible** – means the amount that must be paid (by you) each calendar year, toward covered services before health benefits for that member will be paid by the plan (except for certain services requiring only a copayment with deductible waived or preventive services).
2. **Annual Out-of-Pocket Limit** – means a specified dollar amount of covered services received during a benefit period that is the member's responsibility; after which the out-of-pocket limit is reached the plan pays 100 percent of benefits for the rest of the calendar year for covered charges.
3. **Calendar Year** (also referred to as benefit period) – means the period beginning January 1 and ending December 31 of the same year.
4. **Coinsurance** – means the amount, expressed as a percentage, of a covered health care expense that is partially paid by the plan and partially the member's responsibility to pay. The cost-sharing responsibility ends for most covered services in a particular calendar year when the out-of-pocket maximum has been reached.
5. **Copayment or Copay** – means the amount, expressed as a fixed-dollar figure required to be paid by a member in connection with health care services. Benefits payable by the plan are reduced by the amount of the required copayment for the covered service.
6. **Coverage GAP** (also referred to as donut hole) – is a period of consumer payment for prescription medication costs, which lies between the initial coverage limit and the catastrophic-coverage threshold. The Coverage GAP only applies to Medicare Part D prescription drug coverage.
7. **HMO** (Health Maintenance Organization) – you can only go to doctors, other health care providers, or hospitals on the plan's list except in an emergency or when treatment is not available through an in-network provider.
8. **In-Network Provider** – means physicians, hospitals, and other health care professionals, facilities, and suppliers that have contracted with the health plan as in-network providers.
9. **Medicare** – means the program of health care for the aged, end-stage renal disease (ESRD) patients and disabled persons established by Title XVIII of the Social Security Act of 1965, as amended.
10. **Medicare Advantage Plan** – Sometimes called Medicare Part C. A plan offered by a private company that contract with Medicare to provide you with all your Medicare Part A and Part B benefits.
11. **Medicare Supplemental Plan** – means health care coverage that provides supplemental benefits to Medicare coverage.
12. **Out-of-Network Provider** – means a duly licensed health care provider, including medical facilities, which has no agreement with the health plan for reimbursement of services to members.
13. **PPO** (Preferred Provider Organization) – a type of health plan that lets you choose where you go for care, without a referral from a primary care physician or having to only use providers in your plan's provider network.
